

ELEVATE YOUR LIVING WITH TRUBODE SOLUTIONS

Case Study

RV Teachers College
2nd Block, Jayanagar, Bengaluru, Karnataka 560011

Headache , Fatigue
Health issues in office

Sound familiar?

Trubode to the rescue

PROBLEM

- High Signal Strength from routers & repeaters
- Extremely high EMR exposure
- Headache , Fatigue ,
Decreased energy levels &
Health issues reported

PLANNING

- Trubode analyzed Signal strengths & communication bands
- Assessed EMR exposure levels
- Wireless Access Points (5G & Wi-Fi) Mapped
- Wi Safe Solutions recommended

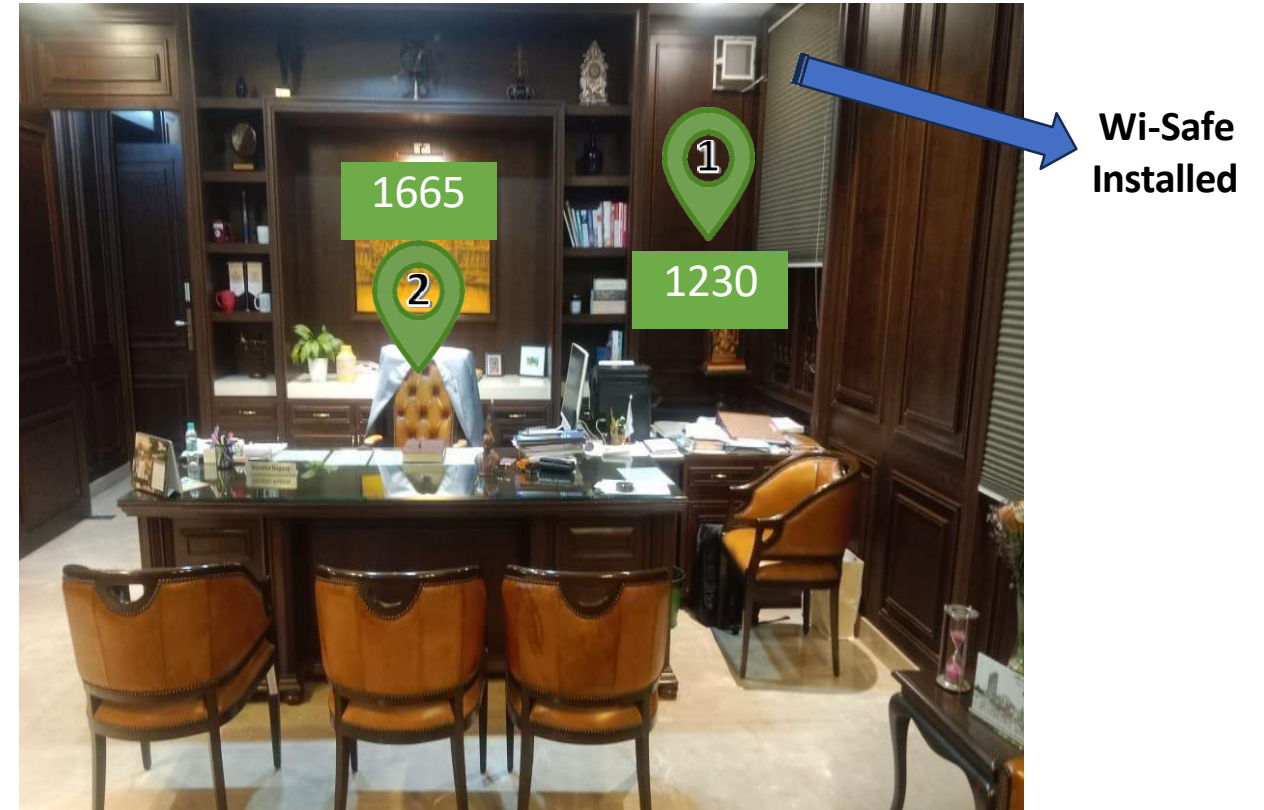

The report ahead explains our observations

Wi-Safe Makes it Safe

Before Installation

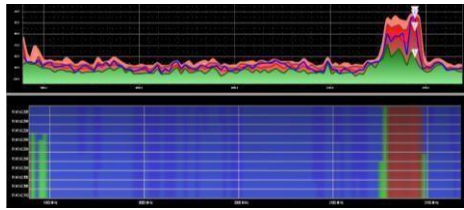

After Installation

Note : Safety Level is < 3000

Trubode Solution

We installed Trubode patented* Wi-Safe module
Wi-Safe is designed to optimize the signals,
minimize exposure and Improve Connectivity.

Safety with enhanced connectivity!

	Latency (ms)	Signal	
	34		Very Good
	108		Good
	42		Very Good
	64		Very Good

What RVU said...

Testimonial :

After installed their products, my **headaches disappeared** almost like magic! I now feel fresher & more energetic at the end of the day...

I'm very grateful that our management invested in our health and safety with Trubode.
